This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

U. S. DEPARTMENT OF AGRICULTURE.

FOREST SERVICE.

GIFFORD PINCHOT, Forester.

RATE SCHEDULES.

TABLES OF GRAZING FEES
FOR THE NATIONAL FOREST RESERVES.

1906.

U. S. DEPARTMENT OF AGRICULTURE,
FOREST SERVICE,
Washington, D. C., February 26, 1906.

TO FOREST OFFICERS:

The tabulated rate schedules herewith presented have been prepared for the purpose of assisting forest officers in computing the amount to be charged for grazing permits. By their use much time will be saved, uniformity in the amount of charges will be preserved, and liability of making mistakes will be greatly lessened.

Each schedule gives the correct amount to be charged for any number of animals, by units from 1 to 100, by hundreds from 100 to 900, and by thousands from 1,000 to 10,000. If the number of stock is less than 100, or is even hundreds or even thousands, the amount of the charges will be found immediately upon reference to the schedule. If the number of stock is a combination of hundreds, tens, and units, or of thousands, hundreds, tens, and units, the amount of the charge will be found by adding together the charges for the thousands, hundreds, tens, and units.

For example, to find the charge on 1,682 head of cattle at the rate of 25 cents per head, for a Montana forest reserve: First, the charge on the 60 head entitled to half-rate, by reference to the 12½-cent schedule, is found to be $7.50; by reference to the 25-cent schedule, the charge for the remainder under 100, or 22

268365

head, is found to be $5.50; the charge for 600 head, $150, and the charge for 1,000 head, $250. By adding these amounts together the total charge for grazing 1,682 head of cattle will be found, as follows:

60	at half rate, 12½ cents per head	$7.50
22	at full rate, 25 cents per head	5.50
600	at full rate, 25 cents per head	150.00
1,000	at full rate, 25 cents per head	250.00
1,682	Total charge	413.00

It is urgently requested that all forest officers use the rate schedules as fully as possible.

GIFFORD PINCHOT,
Forester.

REVISED REGULATION CONCERNING GRAZING FEES.

REG. 27. All grazing fees are payable for each year strictly in advance. When an applicant for a grazing permit is notified by the supervisor that his application has been approved, he will remit the amount due for grazing fees to the Special Fiscal Agent, Forest Service, Washington, D. C., within thirty days from the date of the notice, and upon return of the receipt to the supervisor a permit will be issued allowing the stock to enter the reserve and remain during the period specified.

Whenever the date of approval is more than sixty days previous to the opening of the grazing period for which an application has been approved, the grazing privilege will be reserved upon payment of 20 per cent of the grazing fee within thirty days from the date of approval; and provided the balance is paid at least thirty days previous to the opening of the grazing period the permit will be issued. No permit will be issued until payment in full has been made.

Schedule I.—At 5 cents per head.
